

# Model predictive control of parallel compressors

**Kathleen Jones**

## **Master's Thesis**

Ecole polytechnique fédérale de Lausanne

Department of Mechanical Engineering

Supervisors:     Alireza Karimi (EPFL)  
                         Andrea Cortinovis (ABB)  
                         Mehmet Mercangöz (ABB)

12 August 2016

# Introduction

Background info on compressor control, distributed MPC

# **Literature Review**

**Compressor Models**

**Model Predictive Control of Compressor Systems**

**Distributed Model Predictive Control**

# **Modelling & Simulation**

Single Compressor

Parallel Compressor System

Serial Compressor System

# Model Predictive Control

Introduction? Fundamental Equations?

Centralized Approach

Distributed MPC

Cooperative Control

Non-cooperative Control

Distributed State Estimation?

# Results

## Parallel Compressor System

### Benchmark Tests

Comparison: Controller Performance

Comparison: Computation Time

## Serial Compressor System

### Benchmark Tests

Comparison: Controller Performance

Comparison: Computation Time
